Public Bus Lines

 Panoramic Glacier Road

DISCOVER TIROL'S LONGEST SIDE VALLEY BY PUBLIC BUS

Several bus stops make it easy to reach Ötztal's main attractions and highlights (bicycle transport is partly available). Among the absolute must-sees are the scenic panoramic roads in high Alpine locations.

The Timmelsjoch High Alpine Road – the Eastern Alps' highest border crossing point - is probably the most beautiful connection to neighboring Italy thanks to awe-inspiring views of mountains and valleys.

The Panoramic Glacier Road leads from the hustle and bustle of Sölden's village up to the mighty glacier snouts, offering fabulous hairpin bends. Due to the breathtaking panorama, the road was chosen as filming location of the spectacular chase in the James Bond 007 action thriller: "Spectre".

Ötztal	Public bus lines between Haiming and Obergurgl; also to Kühtai, Niederthai* & Gries*
Sölden	Public bus line to Rettenbach/Tiefenbach glaciers (Glacier Road) and to Vent*

Worth Seeing in Ötztal

📍 Ötzi Village, Umhausen

ÖTZI VILLAGE, BIRDS OF PREY PARK, MUSEUMS & WOOD CARVING

Visit the oldest house in Ötztal, the scenic "Tower of Oetz" where the most beautiful views and vistas of the valley were collected. The unrivaled Tower Museum tells the entire history of the valley on six floors.

Enjoy a great day in the Archaeological Outdoor Park that gives an insight into "life, work and housing in the Stone Age", the time of famous Ötzi – The Iceman. Right next door, you can marvel at the spectacular flying skills of birds of prey in the open-air arena.

Ötztal's Local Heritage Museum is all about the hard working life of the past: eleven buildings show how people used to live here while four water mills babble on Lehnbach brook.

Lovers of hand carving can admire the nativity scene exhibition and a lot more items in the central valley's wood carving studio.

The exhibition in Sölden's old shooting range is a place of remembrance, providing insights into the history of National Socialism in Ötztal.

Unique Top Mountain Motorcycle Experience shows brilliant motorcycle history and technology, exhibiting over 550 motorcycles from 150 manufacturers as well as the 4D Experience on 4,500 m².
